

Residency Attestation Statement

Rx Kids is a universal cash payment program that aims to reach all expectant parents and infants in participating communities. Residency in one of our participating communities is one of our core eligibility requirements. We understand that everyone's living situation is different, and sometimes individuals live with friends or family members instead of having their own lease or utility bills.

This form is for someone who is currently living with you and needs help verifying the residency. By completing and signing this form, you are confirming that the individual listed below currently lives with you full-time at the address provided below.
